Future State

- **Sustained Logistics Readiness**
  - ✓ ***Required resources at the right time & place***
- **Joint Force Commander Freedom of Action**
  - ✓ ***Logistics expanding operational opportunities***
- **Shared Resources**
  - ✓ ***Most effective delivery of logistics at best value***

Compass Initiatives

- **Common end-to-end framework and measurement system**
  - ✓ ***Develop/Implement joint logistics architecture***
- **Logisticians effective working in the Joint, Interagency,**

  &/or Multinational environment
  - ✓ ***Update, validate & implement human capital strategy***
- **Life Cycle Management**
  - ✓ ***Institutionalize Key Performance Parameters & Key Sustainment Areas***

What I need from you . . .

- ✓ **Think differently**
  - ***Apply a joint lens whenever possible***
- ✓ **Advocate for Joint Logistics**
  - ***Future is in interagency/multinational operations***
- ✓ **Incorporate experience into training**
  - ***Must be a community effort***
- ✓ **Share your thoughts**
  - ***Our success depends on your input***

As a Reminder…

orum has Three Objectives:

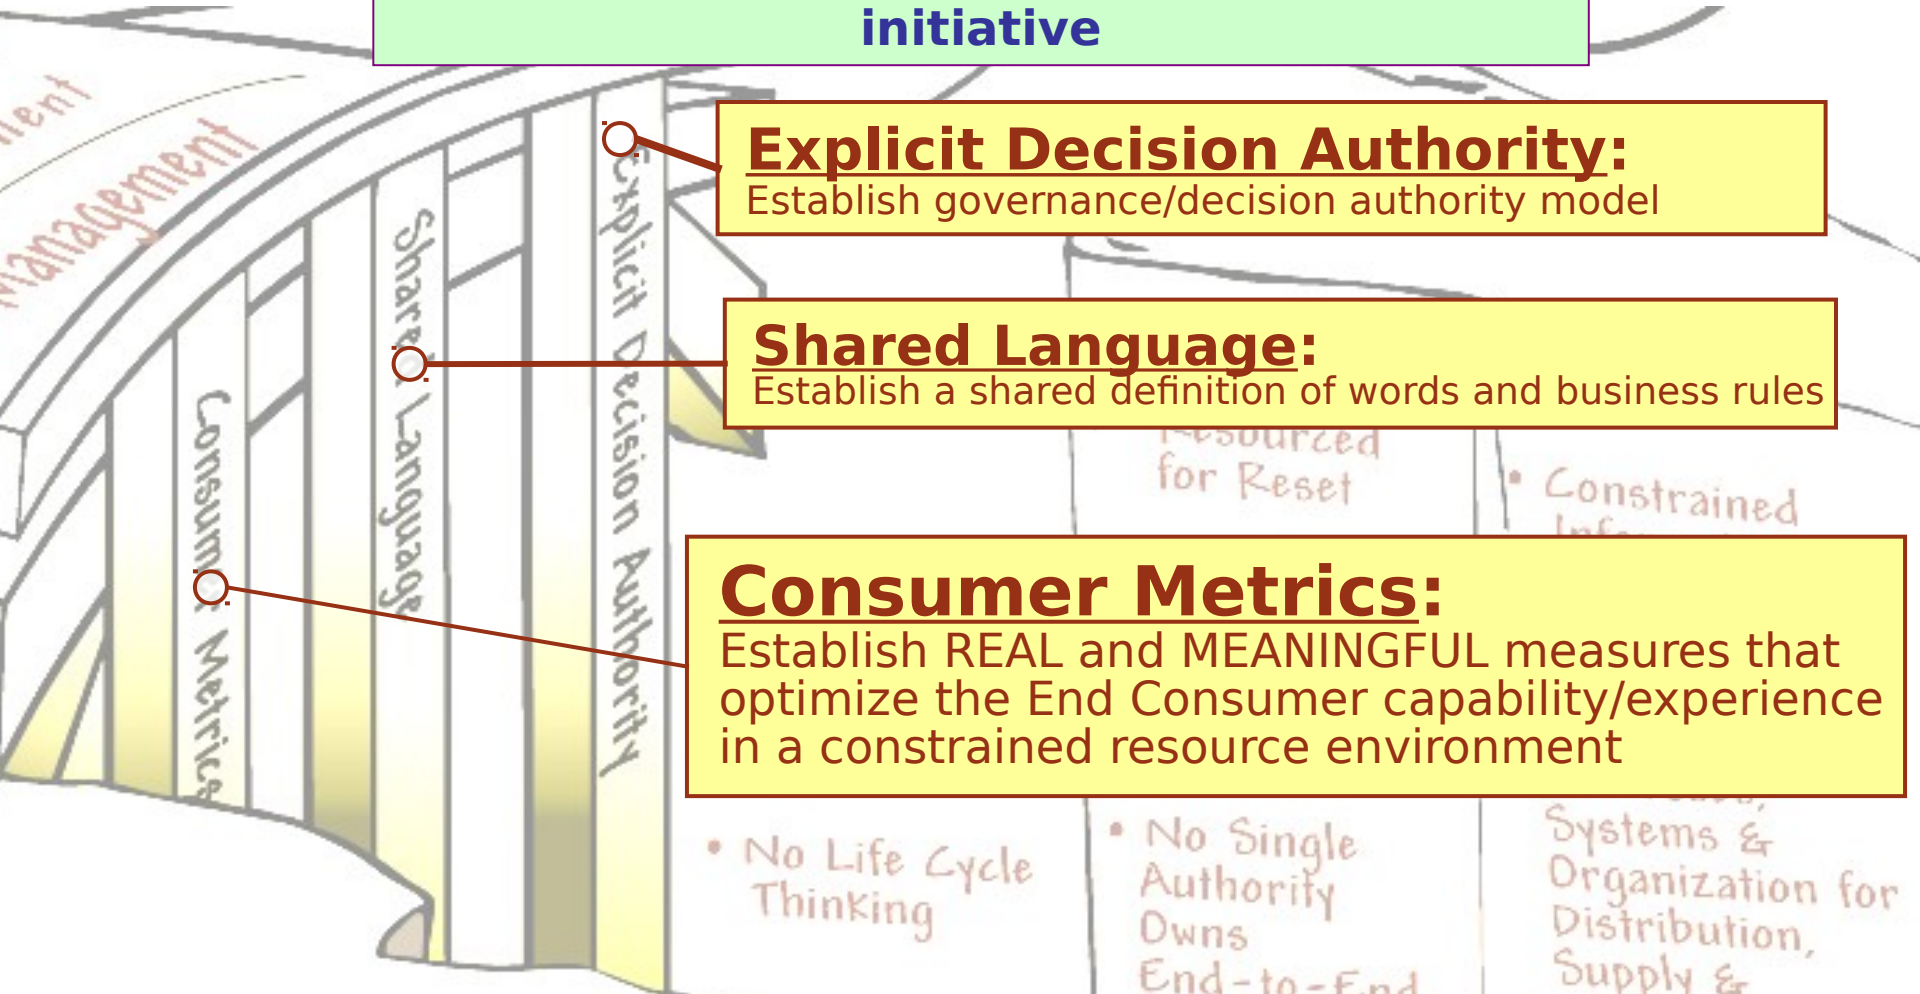
I. Provide information to DoD & academia on current and on-g
initiatives in Defense Logistics Education

II. Provide insight to academia on the joint logistics courses/lo
courses DoD requires to develop joint logisticians
- “What the customer wants”
- Core competency review

III. Assist CJSLE by conducting analysis
of logistics education programs
- Core competency review
- Joint Logistics Course
Review/Financial Management
Course Review

Enablers

“Fundamental business operations” that must be fixed for the Joint Logistics community to effectively accomplish any initiative



Explicit Decision Authority:
Establish governance/decision authority model

Shared Language:
Establish a shared definition of words and business rules

Consumer Metrics:
Establish REAL and MEANINGFUL measures that optimize the End Consumer capability/experience in a constrained resource environment

Our People - Our Future . . .

Attributes:

- **Logistics expert . . .**
  - ✓ *Grounded in the "core" of Service logistics*
- **OK with uncertainty . . .**
  - ✓ *Understands that change is the only certainty*
- **Has a mature global perspective . . .**
  - ✓ *Keen insight into E2E processes & the long view*
- **Can make decisions with minimal info . . .**
  - ✓ *Distinguish between "must know" and "nice to know"*

Development:

- **Service & Joint Individual Training . . .**
  - ✓ *Learning to do!*
- **Joint Professional Logistics Education . . .**
  - ✓ *Learning to think!*
- **Joint Experience . . .**
  - ✓ *Learning to be!*

Putting JP 4-0 into Action!
